

NEWS NOTES FROM AMERICAN LEGION

A band of 3,500 pieces, the largest of its kind ever assembled in the United States, will play at the national convention of the American Legion in Kansas City October 31, November 1 and 2. A contest of the 100 Legion bands and drum corps will be held to determine the three best musical organizations. The combined bands will play under the direction of the leader of the band winning first prize.

Terribly burned in a gasoline explosion, Louis Turner, world war veteran of Bloomington, Ill., was not expected to recover. In a hospital at Davenport, Ia., however, the skin of two American Legion comrades was grafted on to his body and he is now out of danger. The two men did not know Turner except that he was "a buddy, out of luck."

Co-operation of every member of the American Legion is preventing abuse of the reduced railroad fare privilege extended Legion men and their families to the organization's national convention at Kansas City October 31, November 1 and 2, is asked in a bulletin distributed by national headquarters at Indianapolis. It is feared that the low rate tickets will fall into the hands of persons not entitled to their use.

The two half backs on the University of Iowa football team are both ex-service men and fathers, according to the American Legion of the state. Donald McRae, Council Bluffs, one of the varsity backs, has a son three and a half years old and Glen Devine, Des Moines, has a son seven months old. Donald McRae, the father, is a son of Mrs. Donald McRae, president of the Women's Auxiliary of the Legion of Iowa, and a candidate for national head of the organization.

Veterans of the world war are given preference for postmasterships in an executive order given the Civil Service Commission by President Harding. Five points will be added to the examination rating of every prospective master in government service during the war; age limitations may be waived in such cases and the period of war service reckoned as a part of the required length of business experience.

A congressional investigation of Fox Hills, L. I., hospital and management of that institution is demanded by the American Legion and its Women Auxiliary of New York. The Legion charges that sick and wounded men are lodged in a fire-trap and that false reports have been sent by the hospital authorities to Washington in connection with the patients' application for government compensation.

Celebrated war slogans will decorate the boxes of the distinguished visitors at the American Legion national convention in Kansas City October 31. "They shall not pass" will be placarded in front of Marshal Foch's box, while "Heaven, hell or Hoboken by Christmas" has been approved for the tag for General Pershing's. Quotations for Admiral Beatty, Baron Jacques and General Diaz are being resurrected by a convention committee.

"To show the world that Arkansas produces the finest diamonds," the American Legion of that state will present the new national commander, elected at the Legion convention in Kansas City November 2, a 2.32 carat flawless canary diamond. The Arkansas veterans will at the same time present Marshal Foch a scarf pin set with an Arkansas pearl.

An aerial traffic cop will operate "stop" and "go" signs above Kansas City during the national convention of the American Legion there October 31, November 1 and 2. Governors Hyde, Missouri, and Allen, Kansas, have commissioned Dudley Steele, former army aviator, to patrol the air lanes, preventing traffic "jams" and prohibit low flying and stunting over the city by fliers who take part in the aerial derby and circus. The Kansas City Flying Club will prosecute offenders.

Aroused by threats of violent death against prominent members of the American Legion in Iowa, federal authorities are conducting an investigation. John B. Wallace, son of the Secretary of Agriculture, was informed by a note that he would "come across with \$200 or be blown to hell." He didn't and wasn't. Harry H. Polk, Des Moines, received a similar note threatening to blow up his apartments and him, too, because he "led the boys to death on the battlefield of France."

When General Pershing visits Kansas City this month to attend the convention of the American Legion he will be received by members of his post of the Legion of Lincoln, Neb. The general, as Lieut. Pershing, was military instructor at the University of Nebraska on his first assignment from West Point, 20 years ago.

For years women have been wearing dresses made almost entirely of tin and have supposed that they were wearing silk. Women who would no more think of carrying a dinner pail

down the street than of flying or who wouldn't deign to soil their soft and lily white hands by handling the kitchen dishes, have been promenading the streets wearing dresses made of old wash boilers and dishpans—for scientists tell us there is more tin than silk in the goods passed over the counters these days for silk. Isn't it mortifying?
